WEDNESDAY, December 11, 2019 @ 7:00 P.M.

Chaminade College Preparatory – Condon Center

23260 Saticoy St., West Hills, CA 91304

Committee Attendees: Steve Randall Co-Chair, Alec Uzemeck Co-Chair, Saif Mogri, Char Rothstein and Myrl Schreibman.

Other Attendees: Bob Brostoff, Judy Brostoff, Bonnie Klea, Olivia Naturman, Jan MacQuoid, Sandi Stern, Christina Walsh, Michael Walsh, and Pam Misrahi and a number of unidentified members of the public.

Opening Business

Steve called the meeting to order at 7:10 PM and a quorum was present. Steve read the meeting rules for behavior.

Public Comment

There was no public comment.

New Business

Alec made a presentation for the SSFL AOC's, the first is the 2007 AOC that covers Boeing for a risk-based cleanup. The second is the 2010 AOC that applies to DOE and NASA mandating a cleanup to background. DOE and NASA have completed their Environmental Impact Statements which include the cleanup to background and a number of alternate cleanup methods for DTSC approval. DTSC has not completed their Environmental Impact Report for the site and this is the next major step for the SSFL cleanup.

Melissa, Christina, Bonnie and others spoke about the need for cleanup to background and health dangers to the community. Myrl spoke about an important goal for the cleanup, which is the health protection for residents. Steve offered to provide a major amount of time in the January 2020 meeting so that members of the public could voice their environmental concerns to the committee.

Old Business

Alec did not have current information for sustainability organizations in our region, but will present this information in the next meeting.

The meeting was adjourned at 8:40 PM.
