New Business

Alec reviewed the subjects of the past meetings – SSFL stormwater, surface water risk assessment, air sampling, residential soil sampling, West Hills air quality, diesel fumes, water quality and groundwater.

It was proposed that Alec bring in an outside expert to discuss groundwater contamination in the San Fernando Valley, remediation efforts, new treatment plants, the blending of drinking water and water storage in the underground aquifers. Alec agreed.

Old Business.

The DTSC Demolition Plan for several buildings in Area IV at the SSFL was reviewed including the US EPA SOP for demolition and disposal of building debris. The controversy between the Workgroup and DTSC was explained and members were encouraged to get their comments on the plan to DTSC before the October 12th cutoff date

The meeting was adjourned at 8:45 PM.
